ISTRUZIONI DI MONTAGGIO - MOUNTING INSTRUCTIONS
INSTRUCTIONS DE MONTAGE
BAUENLEITUNG - INSTRUCCIONES DE MONTAJE

1. Posizionare il portapacchino in modo che i piedini anteriori rimangano a filo del fascione trasversale della valigia e ad uguale distanza tra i fascioni longitudinali (come indicato in fig. B);
2. Marcare il contorno dei piedini con una matita, come illustrato in fig. C. Segnare il centro del cerchio e forare con una punta di piccolo diametro. Allargare il foro fino ad un diametro di 6.5mm

1. Place the metal rack so that the front legs remain flush with the stripe fascia the top of the case, with an equal distance between the longitudinal fascias (as shown in the picture B);
2. Mark the outline in pencil where the four legs sit, as shown in the picture C. Mark the center of the circle and drill with a small diameter. Enlarge the hole to a diameter of 6.5mm.
